Recommendation

Folk Music Center of Polish Radio in Warsaw considers artistic projects of Grzegorz Tomaszewski playing zither solo as well as in duet with saxophonist Michał Kulenty as having high artistic value.

Grzegorz Tomaszewski plays zither - this string instrument vanishing in Poland - by adapting Polish folk music themes. His solo performance has gained him recognition of the jury of the 8th Polish Radio Folk Festival "New Tradition" in Warsaw 2005 where he won the prestigious Czesław Niemen first prize as well as the audience prize called "A Storm of Applause".

He was representing successfully Polish Radio together with Warsaw well-known saxophonist Michał Kulenty during the 27th Folk Festival of the European Broadcasting Union in July this year in Kaustinen - Finland.
